MEMORANDUM FOR: Mr. David Close

SUBJECT : Forwarding of Naval Intelligence
Technical Assessments (NITA's)

1. Per our conversation on 31 May, I am forwarding a number of NITA's which may be of interest to several National Intelligence Officers.

2. Although these Navy-controlled documents generally receive only limited distribution, the Director of Naval Intelligence has concurred in General Graham's suggestion that they be made available to the NIO's on a controlled basis. Future NITA's will be routinely forwarded to your office.

3. Upon completion of NIO review, it is requested that the documents be returned to the IC Staff.
